A weekly publication  
www.newsreview.com

*If you live out of the Chico area, arrange for newspaper delivery through the mail for more detailed rental information.*

## General & Student

Finding a place to live in Chico is fairly easy due to the majority of college students moving after each school year. Chico offers a wide selection of quality housing available at different price levels.

We have privately owned residence halls, boarding houses, apartments, houses and rooms for rent. Most rentals begin taking deposits for the Fall semester in April and May. The rental process continues throughout the summer, however the longer you wait, the less your chance to secure something close to campus. This is because of the student population. Outside of the areas closer to campus, rental availability tends to remain the same throughout the year.
